CONGRESSMAN WALKER AT REST

Over Exertion in the District Campaign the Cause.

Washington, D. C., July 19.—Congressman Dockery received a dispatch from Mr. C. E. Stokes from Dexter, Mo., at 7 o'clock this evening conveying the sad intelligence of the death from apoplexy of Congressman James P. Walker, of Missouri this afternoon at his home. Congressman Walker's death created quite a shock here, as he was greatly esteemed by his colleagues of both political parties and when he left here for his home he was in excellent health and spirits. This is the tenth death which has occurred among members of the Fifty-first congress—Messrs. Burns and Walker of Missouri, Townshend of Illinois, Nutting, Wilber and Cox of New York, Kelly and Randall of Pennsylvania, Gay of Louisiana and Laird of Nebraska. Another death is that of Senator Beck making eleven in all so far in both branches of the present congress. Mr. Walker was a prominent candidate for re-election in his district, and the congressional convention at Poplar Bluffs, Mo., July 29, was expected to be a very hotly contested one.

Poplar Bluffs, Mo., July 29.—Mr. Walker died at 2 p. m. from an attack of congestion of the brain brought about from overexertion during the hot weather of the past two weeks. Last Sunday he returned from the campaign in Bollinger county and left Monday for New Madrid and Pemiscot counties. He was taken with a slight chill at Malden Monday night, but had sufficiently recovered, as he thought, to go to New Madrid Tuesday. He grew worse and returned here Thursday morning. He called physicians, but they were unable to do him any good. He continually grew worse until he breathed his last. Congressman Walker was loved and respected not only by the citizens of Dexter, but throughout the county. His funeral will take place at 4 o'clock on Monday next.

The St. Louis papers say that the wheat that is coming into St. Louis so far this season is of exceptionally fine quality.

QUAY AND ARCHER.

A Scorching Parallel Drawn by a Republican Paper.

Pittsburg, Pa., July 8.—The Leader (republican) says editorially this evening: "It is curious how fate deals with men. The telegraphic dispatches announce that Stephenson Archer, late treasurer of the state of Maryland and ex-chairman of the democratic state committee, who embezzled about \$130,000 from the funds under his control, has been convicted and sentenced to five years in the penitentiary. With the embezzling treasurer of her sister state and nearest neighbor in a felon's cell, how must Pennsylvania blush when she reflects that one of her ex-treasurers is accused, without denial, of stealing from her funds double the amount, and instead of being in the penitentiary or having proved the charges unfounded, is at the head of the republican party of the nation, and has the effrontery to say to her, 'Here is my candidate for the highest executive office in our gift. Make Delamater governor or suffer my displeasure.'"

"He is a trusted and loved advisor of our pious nonentity, Benjamin Harrison, and of our still more pious millionaire postmaster general, who takes care to fill his own pockets and gripsacks with both hands, while his mouth drops precious pearls about the blessings of poverty and submission to the will of heaven under its trials."

Maryland is a southern democratic state, but she honors herself by calling a thief a thief, while Pennsylvania, a northern state and wheel-horse of the g. o. p., elevates her accused ex state senator to the position of slave-driver, puts a whip in his hand and crouches at his feet to be submissive to his will."

Literary Notes.

Mrs. Elizabeth W. Champney, who is now abroad, will contribute to the next number of Harper's Bazar an article describing her experience of "Country Life in England." The same issue of the Bazar will contain the second installment of papers on "Exercise for Women," by Emma Moffett Tyng, the subjects discussed being "Bicycles and Tricycles."

Ballard Daily News.

Will Cole has had another of his crazy spells, as he is stacking oats this awful hot weather, hence we are uneasy about him.

Rev. Little has been visiting and hunting the lost sheep of the house of the Walnut C. P. church, this week, and tells us he has been places a preacher never has called, and found C. P.'s not known before. He is a No. 1 minister and will do his people good.

John Graham cut flax for E. P. Mosher this week, also for J. W. Cole.

Sam Young was on our streets Saturday, and sorry to hear he is not convalescent, but the Macon fever holds to him with a temperature at about 106 degrees.

T. N. Deane and McClernay are busy buying this week.

Our M. D.'s seem to be quite busy; lots of sickness of late.

A sister of Mrs. Dr. Warford is visiting the latter.

Mrs. Mary Amick of Cooper county, is visiting relatives and old friends here, this week.

Miss Mary Mosher surely felt good those hot days last week, as she was (chilling) cold while all the rest of them was hot. Hope she is better.

F. P. Webb and Booker Greer and families, we understand, are on their road home from Nebraska. Wheat killed by the hail, corn, oats, etc., died for want of rain. No place like old Missouri.

Danie and Lant, two of our enterprising boys, are thinking seriously of going to school and letting the wild west alone. Bates county has a good school and you can be educated at home.

Doc Greer is hunting a machine to thresh his flax.

John Lentz is happy as a big sun flower, all smiles, soon time to go to Adrian.

The two Wilds, do you know them, girls? are thinking of going northeast ere long, (about Sunday night doubtless,) but only a few miles, and will return at an early hour.

Joe Barnes threshed 173 bushels of flax out of 16 acres, an average yield here.

J. M. Franklin was out rustling the boys to help him thresh, when we saw him last.

R. A. Cola has threshed and is now ready to help his neighbors.

Look out for Frank C. and Tom L., two of our boys, there is no doubt, some of our younger boys have been advising them.

Glad to note the improvement of Mrs. S. B. McFarland, who has been confined to her bed for three weeks. Any one wanting a horse completely broke, will do well to give Will O'Banin a call. You can find him at first or third house east of Bethel church.

Rev. Mosher and wife spent a night at Frank Greer's attending the sick.

Geo. W. Miller died at his home the evening of the 18th, of typhoid malarial fever. He had been in Arkansas about a year and came home sick, living only 13 days. He had been sick some 2 or 3 weeks before getting home. The relatives have the sympathy of the entire community.

Quarterly meeting at Oak Hill today and to-morrow. Sorry we cannot be there, as it is the presiding elder we like so well to hear. He is a fine preacher.

S. W. Price will weigh his cattle about the first of next month at 4 cents per pound, and thinks they will weigh 1,500.

Bill Huse has gone to Butler again in spite of us.

We heard a fellow say Squire Wilds had turned out more graduates this season than the Butler Academy. If so, he is a good one, as it is doing great and lasting good.

T. N. Dean is having his mower repaired by John Lentz, our smith.

The Board Bros. seem to be having trouble with their threshers, and at this writing are laying idle.

Kuntz's engine all O. K. and they are "getting there" in fine shape. Can thresh as much flax as any of the boys.

Thos. Gault called a few minutes to renew his acquaintance, and tell the dear people he was in the race for senator, and this evening will tell how Spruce stands. (Gault or Graves.)

J. M. Coleman called Friday eve. Can Miss Dora tell us the candidate she would like to see county clerk?

T. M. Stark is out on the line of duty, and is in the democratic field doing his best for his man.

Some few are plowing stubble

for wheat. Would be glad to see a large acreage this fall.

Sam Price's force will this evening, finish putting up 100 acres of hay. He knows how to treat the boys to get a move on them.

Misses Tiny and Lydia Mosher called on our better half last evening, and Miss Tiny tells us she thinks of remaining in Missouri. A wise conclusion, and we hope she may get a school here.

Will M. Crawford, one of the many gentlemanly candidates gave us a call last evening and left a favorable impression on some of the boys. He and many other candidates will be at our picnic, Saturday the 26th. Come one and all and have an equal show.

W. B. Ewing will return from California and teach the Harmony school. Glad to see the boys return to their old home.

Geo. Harris is out riding this eve, guess he is hunting Tom L. and Frank C. to learn their success, as he was going to their neighborhood. They will leave one for you, George.

What has become of "Rough on Rats," has he left the land of beans and corn, and gone to Henry Co.?

Billy Hickman knows what we like if any man on Peter creek does.

M. L. Embree has some fine hogs ready for an up market.

The Misses Embree and their aunt, Lou Morten, are visiting the family of Judge Cloud this week.

Miss Anna Price thinks of going further west to grow up with—California. Some here will be disappointed, as we hoped she would remain with her sister.

Quite a number of cases of flux; our M. D.'s tell us, but so far have heard of no deaths near us.

Receive our thanks for those fine apples, Mr. H. R. Jack.

Northeastern Breezes.

The weather still continues extremely hot; not quite so dry, as we had a good rain the first of the week.

During the rain on Monday afternoon Mr. John Deerwester's large barn was struck by lightning and burned to the ground. Four horses and mules were in the barn at the time, and one mule was instantly killed. The others escaped unhurt excepting a slight shock to another mule. The contents, consisting of 20 tons of new hay, farm machinery, etc., were all burned except a part of the machinery and the harness; also a granary near the barn, containing 50 bushels of timothy seed and 1,000 bushels of corn; fortunately the barn and mule were well insured.

We are not able to say what the loss will be, but can say that Mr. D. has the sympathy of the entire community.

Mr. Frank Greer is on the sick list; was no better the last we heard from him.

John and Abbie Stuckey are both quite sick. Dr. Warford of Ballard, we believe is attending them. We hope to see them out again.

W. Ray is running two binders in the timothy on Dixie Haggard's farm. He is cutting it to thresh.

Again the toot, toot of the steam threshers is heard in our land. It is at B. F. Billings' now.

L. A. Cox and B. F. Billings delivered hogs at Butler last Wednesday.

Mr. Geo. Baumunk of Kansas City, came down last week and remained until Tuesday, when he returned home, accompanied by his wife and baby, who had been visiting her parents, Mr. and Mrs. Andrew Hermann, the past two weeks.

Miss Vina Cox of Butler, was visiting parents and relations last week. Some youngsters from Prairie City whose names we fail to remember, visited the family of Mr. Hermann, last Saturday.

Theodore Marquadt and wife visited relatives in Shawnee Sunday.

Rev. Inlow preached at Salem Saturday, Sunday and Sunday night. He delivered an excellent sermon at night to the young people, and more especially to the young men.

Marion Frans and sister of Altoona, and Miss Mandy Moon of Butler, visited at Mr. Elliott's Sunday. Berry Beaman and Hayden Ray also visited a part of the family in the evening, near church time.

Miss Anna P. says "Yes, Lloyd has a real nice buggy" and of course Miss Anna knows, as she has tried it. Bethel Sunday school will give a Sunday school picnic in Sidney Graham's grove, Aug. 9th. Several other schools are invited to participate, and preparations are being made for a good time. Salem school for one, will attend in a body. Have not heard from others yet.

Mr. Bert Stanton would like for the road north from Chapel to be

put in better order, at least, as far as Mr. Deerwester's. We doubt not that he could get a second from Alva.

What has become of the F. & L. U. at Harmony? their ardor must be weakening.

Ed Cox has returned home.

Candidates are quite plentiful; also fried chicken and blackberries. Addis McNew says the Moon changed Sunday night, but our almanac says the 16th.

We wonder if John McCandless really is so fond of grapes?

Frank Billings is dipping water for Lobenstein's steam thrasher.

Mr. Billings says of all the birds he knows of he thinks the least of "Crows."

Good evening, "U-no" of the Democrat. Wonder if you are one and the same as "U-no" of the Times, or a cousin of that one. Allow us to make a guess on that question, please. Think we could tell your complexion and the color of your eyes, if we'd try, but oh, no! we'll not tell on you. Come again.

Good wishes to all. REX.

THE BEST BARGAINS EVER OFFERED IN SEWING MACHINES.

A \$45 SEWING MACHINE FOR \$15

Including One Year's Subscription to this Paper. Premium No. 120.

We have made such arrangements as enable us to offer the Chicago

Singer Sewing Machines

At lower rates than ever before for a good machine, and we offer our readers the advantage of the unprecedented bargains.

This machine is made after the latest models of the Singer machine, and is a perfect fac-simile in shape, ornamentation and appearance. All the parts are made to gauge exactly the same as the Singer, and are constructed of precisely the same materials.

The utmost care is exercised in the selection of the metals used, and only the very best quality is purchased. Each machine is thoroughly well made and is fitted with the utmost nicety and exactness, and no machine is permitted by the inspector to go out of the shop until it has been fully tested and proved to do perfect work, and run light and without noise.

The CHICAGO SEWING MACHINE has a very important improvement in a Loose Balance Wheel, so constructed as to permit winding bobbins without removing the work from the machine.

The Loose Balance Wheel is actuated by a solid bolt passing through a collar securely pinned to the shaft outside of the balance wheel, which bolt is firmly held to position by a strong spiral spring. When a bobbin is to be wound, the bolt is pulled out far enough to release the balance wheel, and turned slightly to the right or left, where it is held by a stop-pin until the bobbin is filled. Where the machine is liable to be meddled with by children, the bolt can be drawn out of the wheel when not in use, so that the machine can not be operated by the treadle. The thread eyelet and the needle clamp are made Telf Threading, which is a very great convenience.

Each Machine, of Whatever Style, is Furnished with the Following Attachments.

- | | | |
|----------------------|---------------------------------|----------------------------|
| 1 Foot Hemmer | 6 Hemmers, all different widths | 1 Screw Driver |
| 1 Foot Ruffler | 1 Wrench | 1 Gauge |

| 1 Package of Needles | 1 Binder | 1 Oil-can, filled with oil |
| 1 Check Spring | 4 Bobbins | 1 Instruction Book |
| 1 Throat Plate | | |

The driving wheel on this machine is admitted to be the simplest, easiest running and most convenient of any. The machine is self-threading, has the very best tension and thread liberator, is made of the best material, with the wearing parts hardened, and is finished in a superior style. It has veneered cover, drop-leaf table, 4 end drawers and center swing drawer. The manufacturers warrant every machine for 5 years.

This valuable machine is given as a premium for 50 yearly subscribers to this paper, or for 30 yearly subscribers and \$7 additional.

Price, including one year's subscription, \$15. Sent by freight, receiver to pay charges. Give name of freight station if different from post office address.
